Glass Faceplates

Glass faceplates allow you to coordinate, accent, and blend your lighting controls with your décor and experience a new way of expressing style and taste.

Features

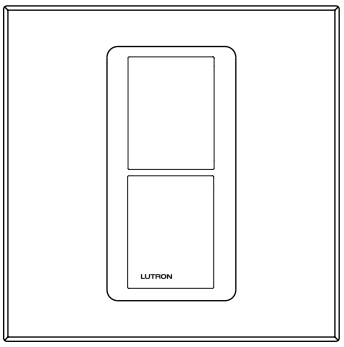

- Glass faceplates feature square corners and beveled edges.
- Compatible with all Lutron designer opening products including keypads, dimmers, and accessories.
- Can be used with Pico wireless controllers.
- Wallplates are screwless, seamless, and have no visible hardware; the front plate securely snaps onto the alignment adapter plate.
