

BurstScape Pour Sleeve & Temporary Cover

Date:

Type:

Firm Name:

Project:

used with all BurstScape luminaires

The Pour Sleeve & Temporary Cover combined with a BurstScape luminaire are all required for a complete BurstScape. Each Pour Sleeve & Cover consists of a fiber reinforced polymer Pour Sleeve and a rugged aluminum Temporary Cover which is recyclable. Conduit holes can be drilled through the Pour Sleeve with a hole saw and conduit fittings attached as needed. A wired junction box or leader cable is required to connect each luminaire (sold separately). To meet load requirement of 40kN, each Pour Sleeve must be installed onto a Mounting Plate (sold separately) in concrete. See Installation Instructions for more information.
