- Hook the mirror's pre-installed bracket over the wall cleat.

CARE & SAFETY

- Wear suitable eye wear protection when drilling. Use caution when using power tools near water, beware of hidden cables or pipes.
- Be cautious if drilling on tiled surfaces in case the drill slips. Applying a piece of masking tape on the wall before marking out fixing holes can help stopping the drill from moving.

- Never use cleaning agents or abrasive material on any type of surface finish.
