

VERGE BUNDLE

Aluminum Tape Light Extrusion Bundle

Perfect for in-wall accent lighting. The two meter length means less seams and more efficient installations. With large flanges the verge is ideal for any mud-in application. Create a linear effect in the wall with static white, tunable CCT, single color, RGBW, or RGBTW tape.

- Made of lightweight double anodized aluminum
- Frosted, UV & flame resistant lens protects light source while evenly diffusing light
- Field cuttable lens and extrusion
- Aluminum provides excellent heat dissipation
- End caps included for a tailored look
- Compatible with most tape light
- Designed for 1/2" drywall mud-in installation
- Comes with extra lens for clean installation

Available Finishes

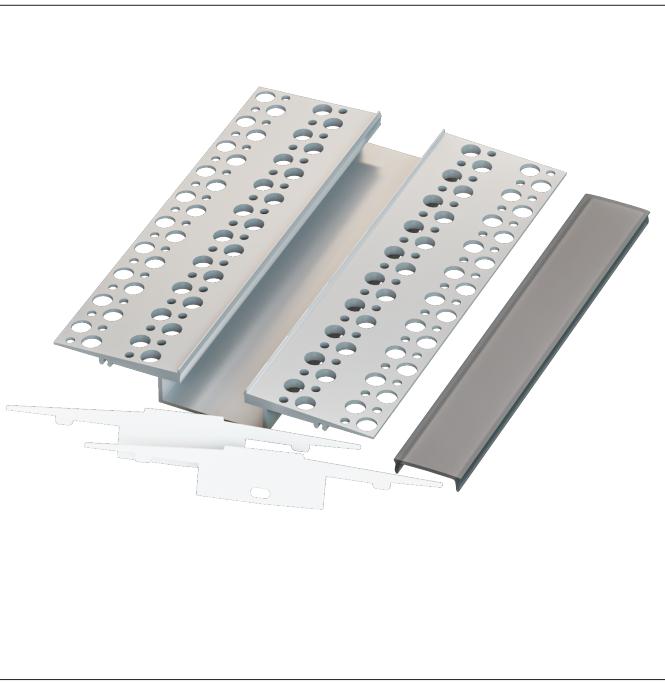

Anodized Aluminum

Compatible Tape Light

- Single Color (10mm)
- Tunable CCT (10mm)
- RGBW / RGBTW (12mm)
