

Dimmable Rectangle Backlit Mirror 42 x 42

DESCRIPTION

Rectangle Backlit mirror featuring a frosted glass edge that softly diffuses light. LEDs positioned behind the glass create an even, ambient glow that gently radiates onto the wall. The clean, modern design delivers both functional illumination and a refined, atmospheric look.

FEATURES & BENEFITS

- Energy efficient LED technology
- Backlit
- Frosted glass edge diffuses LED light
- Dimmable
- LED Lifetime: Approx. 120,000 hours
- Copper-free, silver-backed glass
- Hangs horizontally or vertically
- 5 year warranty

AVAILABLE LED OPTIONS

- 3000K LED Strip
- 6000K LED Strip
- CCT Selectible (Touch Sensor) - 3000K, 4000K, 6000K
- RGBW LED with Remote Control

SPECIFICATIONS

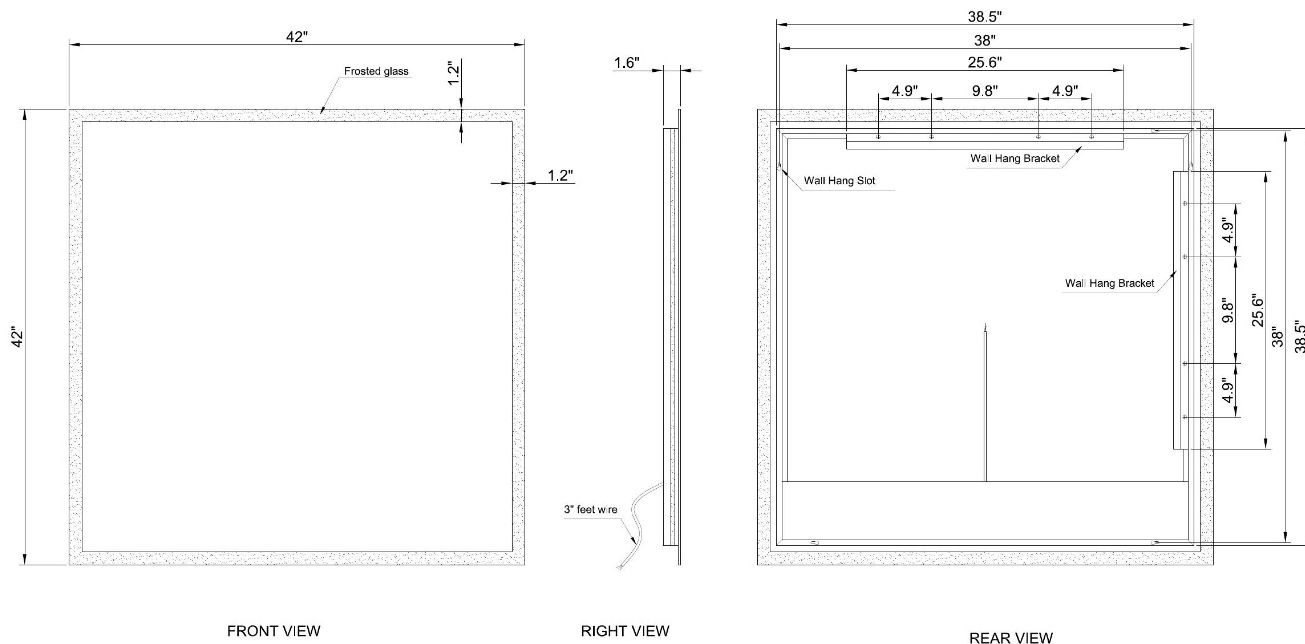

- **Dimensions:** 42" X 42"
- **Weight:** 38 Lbs
- **Ingress Protection Rating:** IP44
- **Input Voltage:** Hardwire 110V
- **Color Rendering Index:** CRI 90+
- **Power Requirement:** 65W
- **Brightness:** 7838 Lumens

SAFETY SPECIFICATIONS

- Entire assembly meets UL/cUL standards
- International Certifications

Dimmable Rectangle Backlit Mirror 42 x 42

INSTALLATION

- Hold the Z-bar on the wall, level it, and mark screw points.
- Drill pilot holes; add wall anchors if not hitting a stud. Install Z-bar (wall piece) – Screw it firmly into place and keep it level.
- Hook the mirror's pre-installed bracket over the wall cleat.
- Match & attach 3 electrical wires from mirror to home electrical wires: Live to Live, Ground to Ground, Neutral to Neutral.

CARE & SAFETY

- Wear suitable eye wear protection when drilling. Use caution when using power tools near water, beware of hidden cables or pipes.
- Be cautious if drilling on tiled surfaces in case the drill slips. Applying a piece of masking tape on the wall before marking out fixing holes can help stopping the drill from moving.

CLEANING & MAINTENANCE

- It is recommended to clean the unit with a soft, dry, non-abrasive cloth when turned off.
- Never use cleaning agents or abrasive material on any type of surface finish.
- Do not strike glass components with hard or pointy items.
- Do not place very hot or cold items against or in close proximity to glass surfaces.
