5-CCT & Wattage Selectable

Wall Mounting

1. Remove the PC cover from the fixture.
2. Use an electric screwdriver to remove the 2 screws from the light source fixing plate.
3. Pry off the light source fixing plate.
4. Drill 4 holes on the wall at corresponding positions.
5. Insert anchors into each hole, and tap them into the wall.
6. Screw in 4 screws into the wall.

7. Hang the fixture on the screws, then tighten the screws and secure them to prevent movement.
8. Hook up wiring.
9. Flip over the light source fixing plate, push it onto the brackets on both sides, and secure it with screws.
10. Install the PC cord.
11. Installation completed, the effect is as shown in the picture.
12. Turn power on.
