

Dimmable Onyx Cabinet 18 x 36

DESCRIPTION

The Onyx Cabinet features an oval silhouette with LED illumination along its outer edge, creating a continuous front-lit glow. A hand motion sensor allows for easy, touch-free control. Inside, adjustable glass shelves offer practical storage, while the mirrored door with a push-to-open mechanism keeps the design clean and minimal.

FEATURES & BENEFITS

- Front-lit
- Hand motion sensor control
- Integrated power socket
- Interior power on/off switch
- Push-to-open door mechanism
- Soft-close door
- Dimmable
- Energy efficient LED technology
- LED Lifetime: Approx. 120,000 hours
- Copper-free, silver-backed glass
- 5 year warranty

AVAILABLE LED OPTIONS

- CCT LED - 3000K, 4000K, 6000K

SPECIFICATIONS

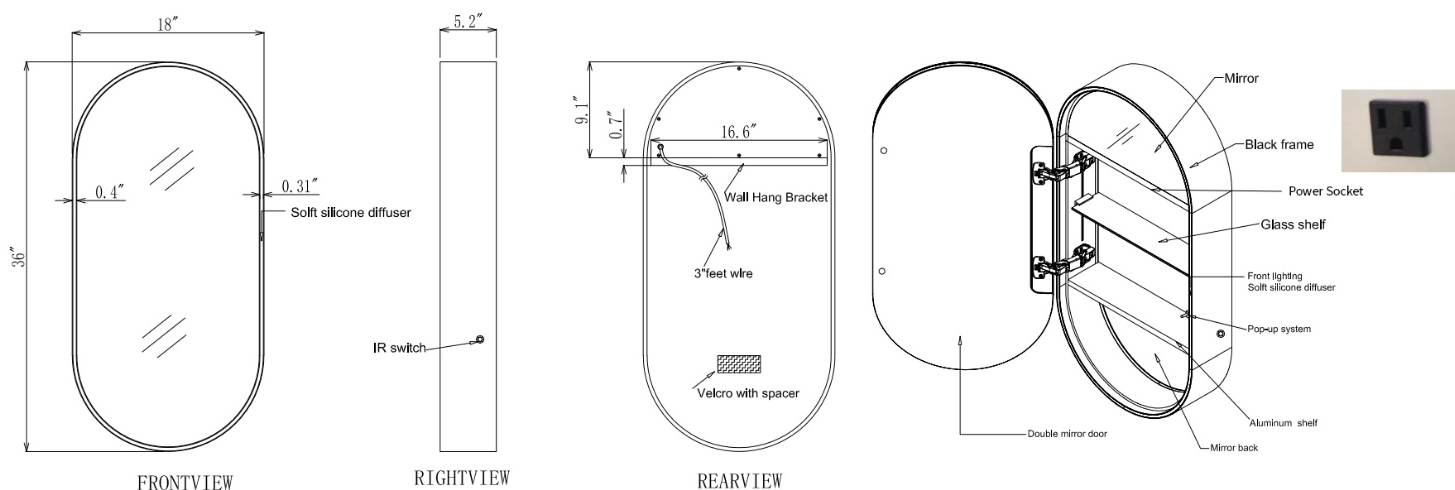

- **Dimensions:** 18" x 36"
- **Weight:** 36 Lbs
- **Ingress Protection Rating:** IP44
- **Input Voltage:** Hardwire 110V
- **Color Rendering Index:** CRI 90+
- **Power Requirement:** 35W
- **Brightness:** 2350 Lumens

SAFETY SPECIFICATIONS

- Entire assembly meets UL/cUL standards
- International Certifications

Dimmable Onyx Cabinet 18 x 36

INSTALLATION

- Hold the Z-bar on the wall, level it, and mark screw points.
- Drill pilot holes; add wall anchors if not hitting a stud. Install Z-bar (wall piece) – Screw it firmly into place and keep it level.
- Hook the mirror's pre-installed bracket over the wall cleat.
- Match & attach 3 electrical wires from mirror to home electrical wires: Live to Live, Ground to Ground, Neutral to Neutral.

CARE & SAFETY

- Wear suitable eye wear protection when drilling. Use caution when using power tools near water, beware of hidden cables or pipes.
- Be cautious if drilling on tiled surfaces in case the drill slips. Applying a piece of masking tape on the wall before marking out fixing holes can help stopping the drill from moving.

CLEANING & MAINTENANCE

- It is recommended to clean the unit with a soft, dry, non-abrasive cloth when turned off.
- Never use cleaning agents or abrasive material on any type of surface finish.
- Do not strike glass components with hard or pointy items.
- Do not place very hot or cold items against or in close proximity to glass surfaces.
